

# OUR PROPRIETARY SOFTWARE SETS US APART

## “M.A.P.S”

### MULTI APPLICATION PROCESSING SYSTEM

MAPS software yields 15%-20% more in ERTC amounts calculated on average for clients who took advantage of the PPP Loan Program when compared to other large competitors in the market. The percentage increase is even greater when compared to smaller firms that are assisting clients with ERTC filing.

When it comes to filing for the ERTC, clients are allowed to maximize wages that are used toward PPP loan forgiveness and ERTC calculations.

#### ACTUAL CLIENT'S CALCULATIONS FOR A REFILE JORNS & ASSOCIATES PERFORMED:

##### 2021 ERTC CALCULATION:

\$688,244.15 – Client received for 2021 with a different firm.

*\$850,753.85 – Jorns ERTC amount for 2021*

*\$162,509.70 – Additional ERTC if Jorns refiled for 2021*

##### 2020 ERTC CALCULATION:

\$262,311.11 – Client received for 2020 with a different firm.

*\$473,385.68 – Jorns ERTC amount for 2020*

*\$211,074.57 – Additional ERTC if Jorns refiled for 2021*

##### Additional ERTC Through Jorns & Associates, LLC.:

\$211,074.57 – 2020

\$162,509.70 – 2021

*\$373,584.27 – Total New recoverable amount of ERTC for 2020 & 2021*

An additional 33.56% more in ERTC funding utilizing the Jorns & Associates ERTC MAPS Proprietary Calculation Software.

Even if the other firm could have done the ERTC filing for free, Jorns & Associates still would have gotten them back more money after paying the contingency fee.
